

Message Magic Pay Plan

Message Magic Offers A Very Powerful Multi-Faceted Compensation Plan

People with both free and paid for accounts can earn commissions by referring others, although paying members have the opportunity to earn much, much more. The basic difference is free account holders can earn one-time commissions for referring paying members, whereas paying members not only earn the one-time fast start type commissions but 2 levels of matching bonuses and ongoing residual commissions as well. The complete details are outlined below.

Fast Start Bonuses - Free and Upgraded Accounts

Both Free and Upgraded members earn a one time \$10.00 Fast Start Bonus for each new paying member they personally refer. This single bonus can earn you hundreds, or even thousands, per month.

Sponsor Bonus - Upgraded Accounts

Starting with the 2nd month upgraded members earn a \$6.00 Sponsor Bonus each and every month for each paying member they personally refer (It is \$10 in the 1st month). This single bonus can earn you hundreds, or even thousands, per month. Personally sponsor only 3 and your monthly membership fee is covered! Sponsor 100 and you'll earn \$600 monthly PLUS the Matrix Commissions listed below... get the picture?!?!

Please note: If for some reason the sponsor does not have an upgraded account, the system will look upline following the line of sponsors and award this bonus to the first person that DOES have an upgraded account.

Matrix Commissions - Upgraded Accounts Can Earn Well Over \$5,600 per Month In Residuals & You Can Legally Have Multiple Accounts!

Here is what it would look like if you, your upline and your downline all did a little effort in contributing to build your organization. The best part is this can all be achieved using nothing more than MessageMagic and the MessageMagic Affiliate Program.

Lvl	Qty	Paying Members		Total
		Earn	Pay	
1	3	\$0.15	\$0.45	\$0.45
2	9	\$0.25	\$2.25	\$2.70
3	27	\$0.50	\$13.50	\$16.20
4	81	\$0.75	\$60.75	\$76.95
5	243	\$1.00	\$243.00	\$319.95
6	729	\$1.25	\$911.25	\$1,231.20
7	2,187	\$2.00	\$4,374.00	\$5,605.20

So think about that for a minute. Between you, your upline and your downline you've maybe sponsored only 3 people each, which is easy to do with this because every marketer PLUS every person with large contact lists NEEDS THIS SOFTWARE. And in the above model you stopped sponsoring after only 3!

What would happen if you didn't stop at 3, or if the people you sponsored didn't stop at 3, or you had multiple positions?

Why is it legal to have more than one account? Put in very simple terms, we are a software company that licenses the Message Magic software on a per computer basis, exactly the same as the biggest names out there, i.e. Microsoft and others. The main difference, of course, is that unlike the others we offer very generous rewards for **YOU** to **take the initiative** to share our software with others.

There is so much earnings potential available with this affiliate program it boggles the mind!

Pass-Through Volume

The best way to think about our matrix payouts is like this: When someone makes a payment, we are going to pay 7 upline people (plus the 2 matching bonuses to sponsors). So we go to pay the first person, 1 level up. If that person has an active upgraded account then they get paid but if their account has expired, we simply move up 1 level to see if THAT person has an active account. If they do then we pay them, and if they don't then we move up one more level. Remember this, we are still trying to make the 1st payment (out of 7). In other words, you could be getting paid from levels much deeper than the 7 levels you can see in a normal 3x7 matrix. Why is this important or significant? It is HUGELY important because each level contains 3 times as many people as the previous level... and if you're getting payments from your 8th, 9th, 10th or deeper levels then the potential earnings explodes in size. Oh, and as a real example, I've personally seen people getting payments from their **21st level**.

Matching Bonuses - Upgraded Accounts

Upgraded members are eligible to earn two types of Matching Bonuses on two levels:

Fast Start Bonuses

- Earn \$1.00 for every paying person sponsored by your personally sponsored (first generation).
- Earn \$0.50 for every paying person sponsored by THEIR personally sponsored (second generation).

Matrix Earnings

- Earn \$0.20 whenever one of your personally sponsored (first generation) earns matrix commissions.
- Earn \$0.10 whenever one of THEIR personally sponsored (second generation) earns matrix commissions..

So think about this for a moment... Let's say you sponsor only one person, a real "heavy hitter" who has tons of contacts, and this person is a sponsoring machine and goes on to fill their matrix. Your **first generation** Matching Bonus rewards? \$1.00 for every paying person they sponsor (\$3,279) plus \$655 (3,279 x \$0.20) monthly just for the one referral. Seems worth it to find that gunner, doesn't it? And this sample only includes the first generation Matching Bonus! Imagine how many second generation Matching Bonuses you'd be getting!!!

This barely even scratches the surface. The reality is there is MUCH MORE potential than presented so far. While there is no doubt that the Matching Bonus side of things provides a structure for unlimited earnings, there is also something else worth noting and understanding... Pass-Through Volume.

Leadership Pool

\$1.00 from every \$17.95 payment is added to the monthly Leadership Pool. At the end of each month this pool is divided amongst the leaders who have personally sponsored 25 or more active members, with at least one of those members being sponsored in the month the pool is being distributed.

Each personally sponsored active member counts as one share in the pool. At the end of the month the pool is divided equally amongst the total shares in the pool.

How many shares do YOU want?
